Oak Haven Townhomes #2830 Sidewalk

From: Jessica Franklin < jesslyn069@gmail.com>

Subject: Oak Haven Townhomes #2830 Sidewalk

To: Persia Burgess <persia@bealbcs.com>, Toni Myers

<toni@bealbcs.com>, hoa@bealbcs.com

Persia, Toni & Members of the HOA for Oak Haven Townhomes,

I'd like to get some resolution on the outstanding items from my email, dated September 19, 2022. Prior to sending that email, I read the HOA *Declaration of Covenants, Conditions and Restrictions for Oak Haven Townhomes,* provided to me at the time I purchased my unit and noted that I needed to contact the Architectural Committee to discuss the issues I was having and obtain approval to replace the sidewalk among other things. As I was unsure who to contact, I sent the email to everyone on this email as well.

Item #1 seems to have been resolved with caulking behind the gutter and installing leaf-guards. I'm glad that has been taken care of and I thank you for getting it done.

Items 2-4 still have not been resolved; those included the sidewalk being a tripping hazard, water running back towards my front door, water backing up in the area between the sidewalk and front patio, and wishing to do some landscaping updates. I indicated in that email that I was not asking the HOA to pay for the cost of the sidewalk replacement, that I was willing to pay for it; and still am.

Here's where the issues lies: I was told that I could replace the sidewalk and do whatever landscaping improvements I wanted, but that the sidewalk would then become my responsibility to maintain. As I mentioned, I read the *Declaration of Covenants, Conditions and Restrictions for Oak Haven Townhomes,* and *Article VII: Exterior Maintenance (Page 17)* states:

"In addition to maintenance upon the Common Area, the Association shall provide exterior maintenance upon each Lot which is subject to assessment hereunder as follows: repair, replace (but not in the event of fire, or other casualty loss normally covered by insurance on the premises) and care of roofs, gutters, and downspouts (if any), exterior building surfaces, fences, trees, shrubs, grass, walks, and other exterior improvements"....

clearly making it the responsibility of the HOA to replace, repair and care for the walk-way/sidewalk. I asked for clarification on this and have been awaiting a response since November and as I understand, from a recent discussion with Persia, the HOA is seeking a legal opinion on this issue. So what's the hold-up?

If the HOA will not allow me to replace and pay for the sidewalk and then the HOA be responsible for maintaining the care of it, then I will also be seeking legal counsel and they can pay for the sidewalk and legal fees. I should also note that not only will I be seeking replacement of the hazardous egress into my home, but I will be asking to file a negligence claim for failure to properly maintain and take appropriate action on the carport roof when the other roofs were replaced and issues were discovered. These were found and pointed out to me during the time my gutter issue was being addressed and have all been pointed out in emails to Persia. Anyone care to provide me with an update/status of what is being planned to mitigate those damages?

I don't want to get ugly, but this is bordering on ridiculous. I would like to resolve this as soon as possible and welcome scheduling a time we can discuss.

Best, Jessica Franklin (979)229-0687 Toni,

After reviewing the Governing Documents and doing some research, I've come to the following opinions:

Foundation: Because Oakhaven consists of townhomes, and not condominiums, and because foundations are not expressly included as part of the common areas, the foundations are the responsibility of the homeowner with the unit that sits on the foundation. Most current townhome declarations state that the foundations are part of the common area because if there is a foundation issue, it typically affects more than one owner. However, I found a case out of Houston where a townhome owner sued their neighbor because the neighbor refused to contribute towards repairs of the slab common to both of the parties' townhomes (showing that in some circumstances, like in Oakhaven, the foundation repair responsibility sits with the individual homeowners).

Sidewalks: With regard to the sidewalks, pursuant to Art. VII Exterior Maintenance, the Association is absolutely responsible for the maintenance of the sidewalks. Their duty with regard to the sidewalks is to repair, replace, and maintain them. Sidewalks are also included in the definition of Common Facilities, so it is clear the Association has the responsibility for them.

Please let me know if you or the board have any additional questions.

Best. Jana

As we talked about the Declaration for Oakhaven is a little confusing on some areas of responsibility. The Board is requesting that you review their Governing Documents and give your legal opinion, on who is responsible for the foundation and individual sidewalks. I have reviewed every word of the Declaration and am not clear on whose responsibility the foundation is. At first, I thought, based on the information I found, that the individual sidewalks are the responsibility of the individual Owners but I now think I might be wrong. . The Board tends to agree with my findings on sidewalks but would like a legal opinion as well.

Under Article I Definitions:

"Common Area" shall mean and refer to all real property owned by the Association for the common use and enjoyment of the The Common Area to be owned by the Association at the owners. time of the conveyance of the first lot, unless otherwise retained as provided herein, is described as follows:
