

Complete this form and submit it, along with any necessary drawings, images, or surveys, via your Online Owner's Portal. The Green Branch Ridge Architectural Control Committee (ACC) will review the documents and if approved, an approval letter will be sent to you with specific instructions.

A penalty will be assessed to homeowners who start or finish a project without prior approval from the Architectural Control Committee (ACC), or do not complete the project as approved by the ACC. All ACC request forms need to be completed in full and include the following:

1. Site plan of your property showing the proposed work
2. Include all dimensions on the site plan
3. Specs on the addition including web link if available
4. Paint color samples

This approval is only for the Association. Any building permits required must be obtained through the City of Bryan. Allow 5 business days for ACC to process.

Name: _____

Address: _____
